Unique fonts that allow you to create custom 1-, 2-, 3- or 4-letter monograms in a distinctive script style with a choice of decorative frames. One font for standard Latin alphabet, another for Greek.

Using the Ceremony Monograms fonts:

1. Install the fonts like any other.
2. Type a frame first, if desired. The choice from the chart above depends on the number of letters in your monogram, **keystrokes in red**. Note how the small and large letters are used for 3- and 4-letter monograms.
3. The small letters are located in the lowercase positions, the large letters in the uppercase positions.
4. For A+B style monograms, use the **7** frame and the plus sign.
5. To locate the Greek letters on a standard keyboard, use the chart at right.
