MFC Buttergin Monogram Guidebook

The inspiration source for Buttergin Monogram is a highly ornate lettering style from the book, "Letters and Lettering" by Carlyle & Oring. This fantastic lettering style was originally depicted only with Capitals and Numbers, which we've lovingly recreated to include smallcaps for the purpose of Monogramming, Signs, and Headlines. From the original style that had a drop shadow and line shading, we extrapolated solid and a clean outline with drop shadow styles for more versatility of use.
